JUNE 10th & 11th

Welcome Reception - Monday 10th June, 6-8pm BST

The Founders Longevity Forum will commence with a welcome reception from 6-8pm on Monday 10th June, which will be taking place at 12 Hay Hill, London (postcode - W1J 8NR).

The Main Forum will take place the next day on Tuesday 11th June at Olympia London (postcode W14 8UX). Please see below for the Main Forum Agenda.

Main Forum Agenda - Tuesday 11th June

8.30am Registration
9:00am Entry & Welcome Remarks Phil Newman , CEO & Founder, LongevityTechnology Brent Hoberman , Co-Founder & Chairman, Founders Forum Group
9:15am Presentation: Why Longevity? Setting the scene on Longevity, Andrew Steele will look at Longevity on a macro scale. Looking at the macro demographic and economic arguments for investing in Longevity science and healthspan intervention. Andrew Steele , Writer & Scientist
9:35am Fireside Chat: Longevity - Progress & Concept Where is Longevity now? In this continually evolving space it is important to gain a good understanding and overview of the landscape of Longevity. This session will provide a comprehensive overview of the concept of Longevity Science, as well as recent industry and scientific developments in this space. Moderator: Samina Rind , Adviser & Investor, KÄÄPÄ Biotech Ronjon Nag , CEO, R42 Group
9:55am Fireside Chat: Ageing Biomarkers

This session will explore the science behind pinpointing a person's true age and the pace at which they age. Thereafter, there will be a discussion of how industry standards are established, and an emphasis on the importance of gaining support from clinical professionals for these standards and methodologies. This will allow attendees to further understand a niche area of the longevity field, potentially driving investment into the area.

Moderator: **David Luu**, Founder & CEO at **Hearty**, Founder at **Longevity Docs**, Co-founder at **Juisci**, Founder & Chairman at **The Heart Fund**, Founder at **Absolutys**

Hannah Went, Co-founder, **TruDiagnostic**
Nikolina Lauc, Co-founder & CEO, **GlycanAge**

10:15am Morning Refreshments, Coffee & Networking Break

10:35am **Panel Discussion: Longevity Clinics**

Moderator: **Alan Tisch**, Co-founder & CEO, **Atria Institute**

Joanna Bensch, Founder & CEO, **Longevity Centre**
Dr Jordan Schlain, Private Medical
Amy Killen, Co-founder & Chief Medical Officer, **Humanaut Health**

11:05am **Fireside Chat: Longevity Supplements**

This comprehensive exploration of the rapidly evolving longevity supplement industry delves into the essential facets such as product strategies, pricing strategies, differentiation tactics, financial models and market opportunities. This is an opportunity for attendees to gain insights into the diverse categories of supplements available in the market today, and better understand supplement effective pricing strategies and differentiation techniques to stand out in a crowded market.

Moderator: **Phil Newman**, CEO & Founder, **Longevity.Technology**

Federico Luna, Chief Marketer & E-Commerce Officer, **Timeline**

11:25am **Start- Up Pitches Pt 1**

During this session, we are excited to showcase some of the most innovative start-ups within Longevity. Each start-up will pitch for 10 minutes followed by audience Q&A.

11:25am Start Up 1: **Simon Sakhai**, Founder, **Jung+ Longevity**
11:35am Start Up 2: **Bruno Balen**, Founder, **Ani Biome**
11:45am Start Up 3: **Mattias Bernow**, CEO, **Cellcolabs**

11:55am **Fireside Chat: Digital Longevity**

This session delves into digital longevity, focusing on wearable technologies, biomarkers, and other digital tools that revolutionise the way we monitor and enhance healthspan. Attendees will learn how to track key health metrics and undertake proactive health management. The session will illustrate how digital technologies may promote longevity, highlighting opportunities for personalised health interventions and disease prevention.

Moderator: **Dr Tamsin Lewis**, Founder and Medical Director, **Wellgevity**

Michael Geer, Co-founder, **Humanity**
Bhuvan Srinivasan, Chief Business Officer, **Ultrahuman**

12:15pm **Fireside Chat: AI Drug Discovery**

How AI is accelerating drug discovery, commercialization and licensing models.

Moderator: **Lara Lewington**, Presenter, **BBC**

Alex Zhavoronkov, Founder & CEO, **Insilico Medicine**

12:35pm Lunch & Networking

1:35pm **Panel Discussion: Investing in Longevity 'now' companies**

This session offers both a panel and a Q&A for investors to have a more comprehensive overview of the longevity sector. Attendees will gain insights into the potential risks and rewards associated with investing in longevity companies, and learn about various business models in the industry. Additionally, the session will delve into different investment stages when investing in longevity, providing attendees with a thorough understanding of valuation methodologies and real-world case studies. Ultimately, the session aims to equip investors with the required knowledge to invest in the dynamic longevity market.

Moderator: **Whitney Casey**, Partner, **LCatterton**

Jörg Rieker, Investor & Advisor, **Maximom**
Petr Sramek, CEO, **Longevity.tech Fund**
Judith Mueller, **Trinity Square Capital**

1:55pm **Presentation: Ageing Biotechnology**

This presentation will provide an insightful overview of longevity bioscience, focusing on cutting-edge advancements such as cellular reprogramming, gene therapies, and other areas. Through a presentation and discussion from gerontologist Aubrey de Grey, attendees will gain a deeper understanding of the potential impact of these technologies on extending healthspan and lifespan.

Aubrey de Grey, Founder, **LEV Foundation**

2:15pm **Presentation: Demystifying DeSci and DAOs - Moving Research as Real World Assets onto the Blockchain**

In this session at the Longevity Village during London Tech Week, Todd White from VitaDAO leads a discussion on decentralised science (DeSci) and decentralised autonomous organisations (DAOs), exploring how these concepts are revolutionising the longevity research landscape. With a focus on moving research as real-world assets onto the blockchain, the session aims to demystify these complex topics and illustrate their potential for transforming how scientific research is funded, conducted, and accessed.

Todd White, Operations Steward, **VitaDAO**

2:35pm **Introduction - Preclinical Companies**

Sebastian A Brunemeier, Founder & CEO, **LongBio**

2:40pm **Panel Discussion: Preclinical Companies**

The session sheds light on the landscape of early-stage pre clinical companies and investment opportunities. Attendees will gain insights into the latest developments in preclinical research and the investment landscape, as well as valuable perspectives on the opportunities in early-stage

ventures. Attendees will gain actionable insights and strategies for success in the rapidly evolving biotech sector.

Moderator: TBA

Sebastian A Brunemeier, Founder & CEO, **LongBio**
Christin Glorioso, CEO & Co-founder, **NeuroAge**
David Meinhert, Principle, **Healthspan Alpha**

3:00pm Afternoon Break, Refreshments & Networking

3:20pm **Start Up Pitches Pt 2**

Part 2 of our start-up pitches! Hear from three more innovative start-ups within this space.

3:20pm Start Up 1: **Robin Mansukhani**, CEO, **Deciduous Therapeutics**

3:30pm Start Up 2: **Hartmut Geiger**, Co-founder and Consultant, **Mogling Bio Inc**

3:40pm Start Up 3: **Kevin Slawin**, Founder, CEO and Chairman, **Ponce Therapeutics**

3:50pm **Panel Discussion: Moonshots**

This panel delves into moonshot initiatives focused on high-impact brain rejuvenation, whole body replacement, and human cryopreservation, exploring the investment case for moonshot longevity endeavours. Attendees will gain insights into groundbreaking projects aiming to push the boundaries of longevity science and the potential investment opportunities and challenges associated with these ambitious ventures.

Emil Kendziorra, Founder & CEO, **Tomorrow Biostasis**

Jean Hébert, Founder, Chief Scientific Officer, **BE Therapeutics**

Panellist TBA

John Schloendorn, Founder & CEO, **Gene & Cell Technologies**

4:10pm **Fireside Chat: Female Reproductive Longevity**

Martin Varsavsky, Founder & Chairman, **Gameto**

Stasa Stankovic, Reproductive Geneticist, **University of Cambridge**

4:30pm **Investor Panel Discussion with Q&A**

Key investors discuss their experiences and share their guidance to other VCs and for family offices wanting to start investing within Longevity.

Moderator: **Nils Regge**, Co-founder & Managing Director, **Apollo Health Ventures**

Sergey Jakimov, Founder, **LongeVC**

Michael Greve, CEO & Founder, **Forever Healthy**

Abby Levy, Managing Partner, **Primetime Partners**

Oliver Colville, **Apeiron Investments**

5:00pm **Closing Remarks**

5:15pm Close of the Founders Longevity Forum

Please join us after at the Havelock Tavern pub, a short walk from the London Olympia to continue connecting!

Address: 57 Masbro Rd, London W14 0LS
